

160 W. Santa Clara St. Amenities Suite

San Jose, CA

PROJECT OVERVIEW

A renovation of 7,100 sf of office space into a modern amenity center for this high-rise office building. The new amenity center consists of a lounge/break room area, a large training room with barn doors, a conference room, yoga room, fitness center with shower rooms and lockers.

In addition to the amenity space, the common area corridor and elevator lobby were updated as well as the main restrooms on the floor. Upgraded features in the new amenity space include a bar, high table and chairs, sofas, refrigerator, coffee maker, decorative acoustic panels to separate work out areas, high/low drinking fountain with bottle filler & cork floor in the yoga studio.
